Design and Access Statement for New Single Storey Storage Extension to Rear of Toilets

at

Glossop Caravans, Brookfield, Glossop.

Design: The new store extension will provide a more efficient location for the storage of exhibition equipment which at present is divided between shop and awning storage facilities and occasional containers. The construction will match the existing offices and toilet accommodation: facing brickwork, roof tiling and window frames to match existing.

Glossop Caravans acknowledges it's obligations under the requirements of the DDA.

Access to Building

- A level approach will be provided from the boundary and carparking areas as per approved document M.

On-site car parking and setting down

- Car parking is existing to both the side of the site and is to be retained.

Hazards on access routes

- All outward openable windows, below 2.0m above ground level, will be fitted with restrictors in order that windows do not project more than 100mm from the face of the building,.

There is an existing dedicated unisex disabled toilet for use by disabled customers and staff.

Glossop Caravans Staffing

The duties of the staff should not be an obstacle to ambulant disabled persons, and the Company would make all reasonable adjustments to the workplace to ensure other disabled persons are able to perform the normal duties in serving customers.

Glossop Caravans recognizes its obligation under the DDA to other disabled persons and will make reasonable alterations to suit wheelchair and/or other disabled person to enable them to use the facilities of the offices accordingly.
