

NOTES CONCERNING THE HAYES McKENZIE PARTNERSHIP, REPORT HM2064/R1

GAIA-WIND TURBINE NOISE PERFORMANCE TEST

To Whom It May Concern

Dear Sirs,

We refer to the Gaia Wind Turbine Noise Performance Test submitted with our planning application.

Please be advised that this document is for reference purposes only, to provide information on the noise levels emitted by the turbine, and is not site specific. The figures detailed therein can be used to estimate possible noise levels on site should the turbine be installed.

Yours faithfully,

Universal Green Energy Ltd.
