Re: Pack Horse Inn, Market Street, Hayfield
Retention of smoking shelter and timber decking

Dear Sir/Madam
Further to your letter of 18th November 2011 re the above please find enclosed 4 copies of the site plan for the above at a scale of 1:500, incorporating the information as required.

Unfortunately we are not in possession of any photographs of the area prior to the erection of the decking and smoking shelter. I have asked the licensee, Mr Woodall to have a look for some in his records and will pass these on if they come to light.

I have no objection to the amendment to the description as you suggest.

Thank you for your help in this matter
Yours sincerely

JDMcCall
