Dear Sirs,

Planning application HPK/2009/0749

I understand from Mr Hardy that, in connection with the above, you are interested to establish the use of a particular building over the past recent years.

I can advise that during my occupation of Ridgetop Cottage, from Nov 1977, the building immediately adjacent to the farm house has been used as a garage for the previous occupant's road vehicle e.g. a Land Rover.

I trust this information is of assistance to you and please fell free to enquire further, if this is helpful.

Yours faithfully,

Keith Brisley
