HPK/2011/0571

Flood Risk Assessment for Flood Area 2-3.

Proposed New Store Extension to Rear Of Toilet Block at

Glossop Caravans, Brookfield, Glossop.

The new store will be an extension to the existing building which is already located within a 2-3 flood risk area and the applicants are fully aware of those risks.

The extension will be used solely for the storage of exhibition equipment and it is not intended to have any electrical sockets, heating provision at floor level.

If the site were to flood there are two doors to provide adequate means of escape should there be anybody in the building.

A. C. Marland.
