Submission: Objection
Comments: It¿s a terrible idea to build new houses off cottage lane!

It will increase traffic at several traffic pinch points. The parked cars on one side already make Cottage Lane a one lane street at all times. Many times when driving on to cottage lane from either direction you can¿t see if there are cars coming until you get past the corners. Increasing the traffic/residents will not only result in more road rage (which is a common occurrence in these pinch points), also resulting in more drivers mounting the pavements to get past drivers blocked in at these pinch points, and will only result in exacerbating these issues and endangering pedestrians, children and the elderly further.

The traffic up to shaw lane lights is already very bad due to people turning for Hadfield and the schools there, this traffic will also increase.

The above points also lead to more pollution in these areas, as will cutting down many trees and destroying a meadow, which both harbour a lot of wildlife.

I also highly doubt that these houses will be ¿affordable¿.

The disruption to existing cottage lane, gamesley residents and their visitors, family, nurses, deliveries etc will also be confounded by the proposed plan as will the large construction vehicles that are required trying to not only get down cottage lane but also to enter and exit the proposed site!!!
