Proposed new driveway, back & side patio and new boundary wall.

Please see attached drawings.

Driveway and patio area 117m^2 using Indian Stone slabs.
New channel drain and land drain to front driveway.
New inset manhole covers (No. 2) where needed.

Boundary wall 24 linear metres long, 1.50 metres high to be built off 300 x 300mm concrete footing. Double skin wall 250mm wide.
Outer skin using mock stone blocks 100mm wide (to match house), 50mm cavity filled with 6/1 concrete slurry mix, inside skin 100mm concrete blocks with proposed rendering to inside skin.
Both skins joined with wall ties @ 2 per square metre. Wall capped off with copingstones to match existing.
