Application no. HPK/2012/0307

Registered on 25/05/2012

Determined on 22/08/2012

High Peak Borough Council hereby **PERMIT** this application for **FULL PLANNING PERMISSION** for

22 units, comprising units For Sale and Local Affordable Housing at The Orchard Swallow House Lane Hayfield

in accordance with the submitted application, details and accompanying plans listed below subject to the following conditions and reasons:-

Conditions

1. The development to which this permission relates must be begun not later than the expiration of three years from the date of this permission unless some other specific period has been indicated in other conditions given.

2. No development shall commence until samples of the materials to be used in the construction of the external surfaces of the approved development hereby permitted have been submitted to and approved in writing by the local planning authority. The development

……
Michael Green
Planning Applications Manager

shall be carried out in accordance with the approved details.

3. Before any other operations are commenced (excluding demolition/ site clearance), space shall be provided within the site curtilage for storage of plant and materials/ site accommodation/ loading and unloading of goods vehicles/ parking and manoeuvring of site operatives and visitors vehicles, laid out and constructed in accordance with detailed designs to be submitted in advance to the Local Planning Authority for written approval and maintained throughout the contract period in accordance with the approved designs free from any impediment to its designated use.

4. Before any other operations are commenced,(excluding condition 3 above) a new estate street junction shall be formed to Swallow House Lane in accordance with the application drawings, laid out, constructed to base level and provided with 2.4m x 43m visibility splays in either direction, the area in advance of the sightlines being levelled, constructed as footway and not being included in any plot or other sub-division of the site.

5. The premises, the subject of the application, shall not be occupied until the proposed new estate streets between each respective plot and the existing public highway have been laid out in accordance with the application drawings to conform to the County Council's specification for new housing development roads.

6. The premises the subject of the application shall not be occupied until a 2m wide footway has been laid out and constructed to adoptable standards, across the site frontage and either side of the new estate street junction. The existing frontage wall shall be reconstructed at the back of this footway, re-using existing materials, in accordance with details to be submitted to and agreed in writing prior to development commencing on site.

7. The premises the subject of the application shall not be occupied until new vehicluar accesses have been created to each individual plot in accordance with the application drawings, laid out, constructed and provided with 2.4m x 23m visibility splays in either direction, the area in advance of the sightlines being maintained throughout the life of the development clear of any object greater than 1m in height (0.6m in the case of vegetation) relative to adjoining nearside carriageway channel level.

8. The access, the subject of condition 7 above, shall not be taken into use until 2m x 2m x 45º pedestrian intervisibility splays have been provided on either side of the access at the back of the footway, the splay area being maintained throughout the life of the development clear of any object greater than 0.6m in height relative to footway level.

9. The premises, the subject of the application, shall not be occupied until space has been provided within the application site in accordance with the application drawings for the parking of residents and visitors vehicles (including secure covered cycle parking), laid out, surfaced and maintained throughout the life of the development free from any impediment to its designated use.

10. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 the garage accommodation/ parking space to be provided in

……

Michael Green
Planning Applications Manager

connection with the development shall not be used other than for the above stated purpose except with the prior permission of the Local Planning Authority granted on an application made in that regard.

11. The proposed access driveways to the new estate street shall be no steeper than 1 in 14.

12. No development shall be commenced until details of drainage to the site have been submitted to and approved in writing by the Local Planning Authority. The development shall not be carried out otherwise than in accordance with the approved details

13. No construction work at the site shall take place outside the following hours:-

1. 0700 hours to 1900 hours Mondays to Fridays.
2. 0800 hours to 1600 hours on Saturdays.
3. At any time on Sundays or Public Holidays except by agreement with the Local Planning Authority.
4. All deliveries to the site shall be limited to within the above hours.
Any equipment which needs to be operated outside the hours specified above shall be acoustically screened in accordance with a scheme to be agreed with the Local Planning Authority.

14. No HGV movements entering or exiting the site shall take place between the hours of 08:00 hours and 09.30hours and 15.00hours and 16.00hours on weekdays.

15. Unless otherwise agreed by the Local Planning Authority, development other than that required to be carried out as part of an approved scheme of remediation must not commence until conditions 1 to 4 have been complied with. If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until condition 4 has been complied with in relation to that contamination.

1. Site Characterisation
An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:
(i) a survey of the extent, scale and nature of contamination;
(ii) an assessment of the potential risks to:
- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,

……
Michael Green
Planning Applications Manager

- archeological sites and ancient monuments;
(iii) an appraisal of remedial options, and proposal of the preferred option(s).
This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

2. Submission of Remediation Scheme
A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

3. Implementation of Approved Remediation Scheme
The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.
Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

4. Reporting of Unexpected Contamination
In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition 1, and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition 2, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition 3.

16. No development shall take place until full details of both hard and soft landscape works have been submitted to and approved in writing by the local planning authority and these works shall be carried out as approved. These details shall include the number, sizes and species of the proposed planting; the proposed finished levels or contours; means of enclosure; car parking layouts; other vehicle and pedestrian access and circulation areas; hard surfacing materials; minor artefacts and structures (eg furniture, play equipment, refuse or other storage units, signs, lighting etc.); proposed and existing functional services above and below ground (eg drainage power, communications, cables, pipelines etc. indicating lines, manholes, supports etc.); retained historic landscape features and proposals for restoration, where relevant.

……
Michael Green
Planning Applications Manager

17. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the buildings and no later than 12 months of that occupation or the completion of the development, whichever is the sooner, and any trees or plants which within a period of 5 years from the completion of the approved scheme die, are removed or become seriously damaged or diseased, shall be replaced in the next planting season with others of a similar size and species, unless the local planning authority gives written consent to any variation.

18. No trees, shrubs or hedges within the site which are shown as being retained on the approved plans shall be felled, uprooted, wilfully damaged or destroyed, cut back in any way or removed without the prior written consent of the Local Planning Authority. Any trees, shrubs or hedges removed without such consent, or which die or become severely damaged or seriously diseased with five years from the completion of the development hereby permitted shall be replaced with trees, shrubs or hedge plants of similar size and species unless the Local Planning Authority gives written consent to any variation.

19. (a) No development or other operations shall commence on site until a scheme (herein after called the approved protection scheme) which provides for the retention and protection of trees, shrubs and hedges growing on or adjacent to the site, including trees which are the subject of any Tree Preservation Order currently in force, has been submitted to and approved in writing by the Local Planning Authority. No development or other operations shall take place except in complete accordance with the approved protection scheme.

(b) No operations shall commence on site in connection with the development hereby approved (including demolition works, soil moving, temporary access construction and / or widening or any operations involving the use of motorised vehicles or construction machinery) until the protection works required by the approved protection scheme are in place.

(c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within any area designated as being fenced off or otherwise protected in the approved protection scheme.

(d) Protective fencing shall be retained intact for the full duration of the development hereby approved and shall not be removed or repositioned without the prior written approval of the Local Planning Authority.

20. No development or other operations shall commence on site in connection with the development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and / or widening, or any operations involving the use of motorised vehicles or construction machinery) until a detailed Arboricultural Method Statement has been submitted to and approved in writing by the Local Planning Authority. No development or other operations shall take place except in complete accordance with the approved Method Statement. Such Method Statement shall include full details of the following:

a) Implementation, supervision and monitoring of the approved Tree Protection Scheme.

b) Implementation, supervision and monitoring of the approved Tree Work Specification.

……

Michael Green
Planning Applications Manager

c) Implementation, supervision and monitoring of all approved construction works within any area designated as being fenced off or otherwise protected in the approved Tree Protection Scheme

d) Timing and phasing of Arboricultural works in relation to the approved development.

21. Notwithstanding the provisions of Classes A, B, C, D, E of Part 2 of Schedule 2 to the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking or re-enacting that Order) no extensions or other alterations shall be erected (built) without the prior written approval of the local planning authority.

22. Each dwelling hereby permitted shall be constructed to achieve a minimum Code for Sustainable Homes (Level 3 / Level 4). Prior to commencement of development a 'Design Stage' assessment and related certification shall be submitted to and approved in writing by the Local Planning Authority.

Following completion of the final dwelling, a Code for Sustainable Homes 'Post Construction Stage' assessment and related certification confirming the Code Level that has been achieved shall be submitted to and approved by the Local Planning Authority in writing.

The approved measures and technologies to achieve the minimum Code for Sustainable Homes (Level 3 / Level 4) standard shall be implemented in accordance with the approval and thereafter shall be retained in working order in perpetuity.

23. Before development commences ecological surveys for grass snakes shall be carried out and the findings submitted to the Local Planning Authority. Recommendations and mitigation measures set out in any findings in the report shall be fully adhered to.

24. No tree felling shall take place during the months of March through to the end of August without the prior written consent of the local planning authority.

25. Before development commences a scheme which provides measures within the design of the access road to reduce its impact on the common toad shall be submitted to and approved in writing by the local planning authority. The approved measures shall be undertaken as part of the development hereby permitted.

Reasons

1. The time limit condition is imposed in order to comply with the requirements of sections 91, 92, 93 and 56 of the Town and Country Planning Act 1990 and section 51 of the Planning and Compulsory Purchase Act 2004.

2. In the interests of visual amenity, in accordance with Policy GD4 (and Policies BC5 and BC8 in respect of developments in conservation areas/listed buildings) of the High Peak Saved Local Plan Policies 2008.

.....
Michael Green
Planning Applications Manager

3. To ensure satisfactory service provision in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

4. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

5. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

6. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

7. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

8. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

9. To ensure satisfactory service provision in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

10. To ensure adequate car parking provision within the site in accordance with the adopted standards of the Local Planning Authority and in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

11. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

12. To ensure a satisfactory standard of drainage and in the interests of the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

13. In order that the amenities enjoyed by the occupants of the adjacent dwellings shall not be injured, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

14 .In the interests of pedestrian safety for children travelling to and from the adjacent school, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

15. To ensure that the site is developed in a safe manner and ensure a satisfactory standard of development in the interests of the amenity of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

16. In the interests of visual amenity, in accordance with Policy GD6 of the High Peak Saved Local Plan Policies 2008.

17. In the interests of visual amenity, in accordance with Policy GD6 of the High Peak Saved

……

Michael Green
Planning Applications Manager

Local Plan Policies 2008.

18. To ensure the continued well-being of the trees in the interests of the amenity and environmental quality of the locality, in accordance with Policy GD5 and OC10 of the High Peak Saved Local Plan Policies 2008.

19. To ensure the continued well-being of the trees in the interests of the amenity and environmental quality of the locality, in accordance with Policy GD5 and OC10 of the High Peak Saved Local Plan Policies 2008.

20. To ensure the continued well-being of the trees in the interests of the amenity and environmental quality of the locality, in accordance with Policy GD5 and OC10 of the High Peak Saved Local Plan Policies 2008.

21. To enable the Council to exercise control over future developments at the site, in accordance with Policy GD4 and Policy GD5 of the High Peak Saved Local Plan Policies 2008.

22. In the interests of sustainability, in accordance with Policy H11 of the High Peak Saved Local Plan Policies 2008.

23. To safeguard wildlife in the interests of nature conservation.

24. To safeguard wildlife in the interests of nature conservation.

25. To safeguard wildlife in the interests of nature conservation.

Summary of reasons for granting permission

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal which provides a sustainable development which will provide housing to meet a recognised need in a design and form which will protect the amenities of the area and interests highway safety.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

POLICIES RELEVANT TO THIS DECISION

High Peak Local Plan Saved Policies

BC1 - External Materials
GD4 - Character Form and Design
GD5 - Amenity
GD6 - Landscaping
GD7 - Crime Prevention

H1 - Principles of Housing Provision
H5 - Housing within the Built up Area Boundaries
H9 - Affordable Housing for Local Needs
H11 - Layout and Design of residential development
OC5 - Developement Conspicuous from the Peak District National Park
OC10 - Trees and Woodlands
TR5 - Access, parking and design

National Planning Policy Framework

Notes to Applicant

Pursuant to Section 278 of the Highways Act 1980, no works may commence within the limits of the public highway without the formal written Agreement of the County Council as Highway Authority. Advice regarding the technical, legal, administrative and financial processes involved in Section 278 Agreements may be obtained from the Director of Environmental Services at County Hall, Matlock (tel: 01629 538582 and ask for the Area Development Manager, Mr C Allwood). The applicant is advised to allow approximately 12 weeks in any programme of works to obtain a Section 278 Agreement.

In the event that the applicant wishes to offer the new estate street for adoption, pursuant to Section 38 and the Advance Payments Code of the Highways Act 1980, the proposed new estate roads should be laid out and constructed to adoptable standards and financially secured. Advice regarding the technical, financial, legal and administrative processes involved in achieving adoption of new residential roads may be obtained from the Director of Environmental Services at County Hall, Matlock (tel: 01629 580000 and ask for the Area Development Manager Mr I Turkington).

In the event that the applicant wishes to offer the new estate street for adoption, highway surface water shall be disposed of via a positive, gravity fed system (ie; not pumped) discharging to an approved point of outfall (eg; existing public sewer, highway drain or watercourse) to be sanctioned by the Water Authority (or their agent), Highway Authority or Environment Agency respectively. The use of soakaways for highway purposes is generally not sanctioned.

Pursuant to Sections 149 and 151 of the Highways Act 1980, the applicant must take all necessary steps to ensure that mud or other extraneous material is not carried out of the site and deposited on the public highway. Should such deposits occur, it is the applicant's responsibility to ensure that all reasonable steps (eg; street sweeping) are taken to maintain the roads in the vicinity of the site to a satisfactory level of cleanliness.

Please Note: This decision notice does not convey any approval or consent which may be required under any enactment, bye-law, order or regulation other than Section 57 of the Town and Country Planning Act 1990.

Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section on 0845 129 7777.

Any other statutory consent necessary must be obtained from the appropriate authority.

Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority, Derbyshire, County Council at County Hall, Matlock, Derbyshire, tel. 01629 580000.

This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : www.highpeak.gov.uk for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
(b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

……
Michael Green
Planning Applications Manager

The permission is granted in strict accordance with the approved plans. It should be noted however that:
(a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
(b) Variation to the approved plans will require the submission of a new planning application.

shall be carried out in accordance with the approved details.

3. Before any other operations are commenced (excluding demolition/ site clearance), space shall be provided within the site curtilage for storage of plant and materials/ site accommodation/ loading and unloading of goods vehicles/ parking and manoeuvring of site operatives and visitors vehicles, laid out and constructed in accordance with detailed designs to be submitted in advance to the Local Planning Authority for written approval and maintained throughout the contract period in accordance with the approved designs free from any impediment to its designated use.

4. Before any other operations are commenced,(excluding condition 3 above) a new estate street junction shall be formed to Swallow House Lane in accordance with the application drawings, laid out, constructed to base level and provided with 2.4m x 43m visibility splays in either direction, the area in advance of the sightlines being levelled, constructed as footway and not being included in any plot or other sub-division of the site.

5. The premises, the subject of the application, shall not be occupied until the proposed new estate streets between each respective plot and the existing public highway have been laid out in accordance with the application drawings to conform to the County Council's specification for new housing development roads.

6. The premises the subject of the application shall not be occupied until a 2m wide footway has been laid out and constructed to adoptable standards, across the site frontage and either side of the new estate street junction. The existing frontage wall shall be reconstructed at the back of this footway, re-using existing materials, in accordance with details to be submitted to and agreed in writing prior to development commencing on site.

7. The premises the subject of the application shall not be occupied until new vehicluar accesses have been created to each individual plot in accordance with the application drawings, laid out, constructed and provided with 2.4m x 23m visibility splays in either direction, the area in advance of the sightlines being maintained throughout the life of the development clear of any object greater than 1m in height (0.6m in the case of vegetation) relative to adjoining nearside carriageway channel level.

8. The access, the subject of condition 7 above, shall not be taken into use until 2m x 2m x 45º pedestrian intervisibility splays have been provided on either side of the access at the back of the footway, the splay area being maintained throughout the life of the development clear of any object greater than 0.6m in height relative to footway level.

9. The premises, the subject of the application, shall not be occupied until space has been provided within the application site in accordance with the application drawings for the parking of residents and visitors vehicles (including secure covered cycle parking), laid out, surfaced and maintained throughout the life of the development free from any impediment to its designated use.

10. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 the garage accommodation/ parking space to be provided in

……

Michael Green
Planning Applications Manager

connection with the development shall not be used other than for the above stated purpose except with the prior permission of the Local Planning Authority granted on an application made in that regard.

11. The proposed access driveways to the new estate street shall be no steeper than 1 in 14.

12. No development shall be commenced until details of drainage to the site have been submitted to and approved in writing by the Local Planning Authority. The development shall not be carried out otherwise than in accordance with the approved details

13. No construction work at the site shall take place outside the following hours:-

1. 0700 hours to 1900 hours Mondays to Fridays.
2. 0800 hours to 1600 hours on Saturdays.
3. At any time on Sundays or Public Holidays except by agreement with the Local Planning Authority.
4. All deliveries to the site shall be limited to within the above hours.
Any equipment which needs to be operated outside the hours specified above shall be acoustically screened in accordance with a scheme to be agreed with the Local Planning Authority.

14. No HGV movements entering or exiting the site shall take place between the hours of 08:00 hours and 09.30hours and 15.00hours and 16.00hours on weekdays.

15. Unless otherwise agreed by the Local Planning Authority, development other than that required to be carried out as part of an approved scheme of remediation must not commence until conditions 1 to 4 have been complied with. If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until condition 4 has been complied with in relation to that contamination.

1. Site Characterisation
An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:
(i) a survey of the extent, scale and nature of contamination;
(ii) an assessment of the potential risks to:
- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,

……
Michael Green
Planning Applications Manager

- archeological sites and ancient monuments;
(iii) an appraisal of remedial options, and proposal of the preferred option(s).
This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

2. Submission of Remediation Scheme
A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

3. Implementation of Approved Remediation Scheme
The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.
Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

4. Reporting of Unexpected Contamination
In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition 1, and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition 2, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition 3.

16. No development shall take place until full details of both hard and soft landscape works have been submitted to and approved in writing by the local planning authority and these works shall be carried out as approved. These details shall include the number, sizes and species of the proposed planting; the proposed finished levels or contours; means of enclosure; car parking layouts; other vehicle and pedestrian access and circulation areas; hard surfacing materials; minor artefacts and structures (eg furniture, play equipment, refuse or other storage units, signs, lighting etc.); proposed and existing functional services above and below ground (eg drainage power, communications, cables, pipelines etc. indicating lines, manholes, supports etc.); retained historic landscape features and proposals for restoration, where relevant.

Planning Applications Manager

17. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the buildings and no later than 12 months of that occupation or the completion of the development, whichever is the sooner, and any trees or plants which within a period of 5 years from the completion of the approved scheme die, are removed or become seriously damaged or diseased, shall be replaced in the next planting season with others of a similar size and species, unless the local planning authority gives written consent to any variation.

18. No trees, shrubs or hedges within the site which are shown as being retained on the approved plans shall be felled, uprooted, wilfully damaged or destroyed, cut back in any way or removed without the prior written consent of the Local Planning Authority. Any trees, shrubs or hedges removed without such consent, or which die or become severely damaged or seriously diseased with five years from the completion of the development hereby permitted shall be replaced with trees, shrubs or hedge plants of similar size and species unless the Local Planning Authority gives written consent to any variation.

19. (a) No development or other operations shall commence on site until a scheme (herein after called the approved protection scheme) which provides for the retention and protection of trees, shrubs and hedges growing on or adjacent to the site, including trees which are the subject of any Tree Preservation Order currently in force, has been submitted to and approved in writing by the Local Planning Authority. No development or other operations shall take place except in complete accordance with the approved protection scheme.

(b) No operations shall commence on site in connection with the development hereby approved (including demolition works, soil moving, temporary access construction and / or widening or any operations involving the use of motorised vehicles or construction machinery) until the protection works required by the approved protection scheme are in place.

(c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within any area designated as being fenced off or otherwise protected in the approved protection scheme.

(d) Protective fencing shall be retained intact for the full duration of the development hereby approved and shall not be removed or repositioned without the prior written approval of the Local Planning Authority.

20. No development or other operations shall commence on site in connection with the development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and / or widening, or any operations involving the use of motorised vehicles or construction machinery) until a detailed Arboricultural Method Statement has been submitted to and approved in writing by the Local Planning Authority. No development or other operations shall take place except in complete accordance with the approved Method Statement. Such Method Statement shall include full details of the following:

a) Implementation, supervision and monitoring of the approved Tree Protection Scheme.

b) Implementation, supervision and monitoring of the approved Tree Work Specification.

……

Michael Green
Planning Applications Manager

c) Implementation, supervision and monitoring of all approved construction works within any area designated as being fenced off or otherwise protected in the approved Tree Protection Scheme

d) Timing and phasing of Arboricultural works in relation to the approved development.

21. Notwithstanding the provisions of Classes A, B, C, D, E of Part 2 of Schedule 2 to the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking or re-enacting that Order) no extensions or other alterations shall be erected (built) without the prior written approval of the local planning authority.

22. Each dwelling hereby permitted shall be constructed to achieve a minimum Code for Sustainable Homes (Level 3 / Level 4). Prior to commencement of development a 'Design Stage' assessment and related certification shall be submitted to and approved in writing by the Local Planning Authority.

Following completion of the final dwelling, a Code for Sustainable Homes 'Post Construction Stage' assessment and related certification confirming the Code Level that has been achieved shall be submitted to and approved by the Local Planning Authority in writing.

The approved measures and technologies to achieve the minimum Code for Sustainable Homes (Level 3 / Level 4) standard shall be implemented in accordance with the approval and thereafter shall be retained in working order in perpetuity.

23. Before development commences ecological surveys for grass snakes shall be carried out and the findings submitted to the Local Planning Authority. Recommendations and mitigation measures set out in any findings in the report shall be fully adhered to.

24. No tree felling shall take place during the months of March through to the end of August without the prior written consent of the local planning authority.

25. Before development commences a scheme which provides measures within the design of the access road to reduce its impact on the common toad shall be submitted to and approved in writing by the local planning authority. The approved measures shall be undertaken as part of the development hereby permitted.

Reasons

1. The time limit condition is imposed in order to comply with the requirements of sections 91, 92, 93 and 56 of the Town and Country Planning Act 1990 and section 51 of the Planning and Compulsory Purchase Act 2004.

2. In the interests of visual amenity, in accordance with Policy GD4 (and Policies BC5 and BC8 in respect of developments in conservation areas/listed buildings) of the High Peak Saved Local Plan Policies 2008.

.....
Michael Green
Planning Applications Manager

3. To ensure satisfactory service provision in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

4. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

5. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

6. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

7. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

8. In order to provide adequate visibility from the site in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

9. To ensure satisfactory service provision in the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

10. To ensure adequate car parking provision within the site in accordance with the adopted standards of the Local Planning Authority and in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

11. In the interests of highway safety, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

12. To ensure a satisfactory standard of drainage and in the interests of the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

13. In order that the amenities enjoyed by the occupants of the adjacent dwellings shall not be injured, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

14 .In the interests of pedestrian safety for children travelling to and from the adjacent school, in accordance with Policy TR5 of the High Peak Saved Local Plan Policies 2008.

15. To ensure that the site is developed in a safe manner and ensure a satisfactory standard of development in the interests of the amenity of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

16. In the interests of visual amenity, in accordance with Policy GD6 of the High Peak Saved Local Plan Policies 2008.

17. In the interests of visual amenity, in accordance with Policy GD6 of the High Peak Saved

H1 - Principles of Housing Provision
H5 - Housing within the Built up Area Boundaries
H9 - Affordable Housing for Local Needs
H11 - Layout and Design of residential development
OC5 - Developement Conspicuous from the Peak District National Park
OC10 - Trees and Woodlands
TR5 - Access, parking and design

National Planning Policy Framework

Notes to Applicant

Pursuant to Section 278 of the Highways Act 1980, no works may commence within the limits of the public highway without the formal written Agreement of the County Council as Highway Authority. Advice regarding the technical, legal, administrative and financial processes involved in Section 278 Agreements may be obtained from the Director of Environmental Services at County Hall, Matlock (tel: 01629 538582 and ask for the Area Development Manager, Mr C Allwood). The applicant is advised to allow approximately 12 weeks in any programme of works to obtain a Section 278 Agreement.

In the event that the applicant wishes to offer the new estate street for adoption, pursuant to Section 38 and the Advance Payments Code of the Highways Act 1980, the proposed new estate roads should be laid out and constructed to adoptable standards and financially secured. Advice regarding the technical, financial, legal and administrative processes involved in achieving adoption of new residential roads may be obtained from the Director of Environmental Services at County Hall, Matlock (tel: 01629 580000 and ask for the Area Development Manager Mr I Turkington).

In the event that the applicant wishes to offer the new estate street for adoption, highway surface water shall be disposed of via a positive, gravity fed system (ie; not pumped) discharging to an approved point of outfall (eg; existing public sewer, highway drain or watercourse) to be sanctioned by the Water Authority (or their agent), Highway Authority or Environment Agency respectively. The use of soakaways for highway purposes is generally not sanctioned.

Pursuant to Sections 149 and 151 of the Highways Act 1980, the applicant must take all necessary steps to ensure that mud or other extraneous material is not carried out of the site and deposited on the public highway. Should such deposits occur, it is the applicant's responsibility to ensure that all reasonable steps (eg; street sweeping) are taken to maintain the roads in the vicinity of the site to a satisfactory level of cleanliness.

Please Note: This decision notice does not convey any approval or consent which may be required under any enactment, bye-law, order or regulation other than Section 57 of the Town and Country Planning Act 1990.

Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section on 0845 129 7777.

Any other statutory consent necessary must be obtained from the appropriate authority.

Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority, Derbyshire, County Council at County Hall, Matlock, Derbyshire, tel. 01629 580000.

This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : www.highpeak.gov.uk for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
(b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

……
Michael Green
Planning Applications Manager

The permission is granted in strict accordance with the approved plans. It should be noted however that:
(a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
(b) Variation to the approved plans will require the submission of a new planning application.
