Appendix A – Phase 1 Habitat Map

Key

Ephemeral/short perennial vegetation
Bare ground
Scattered scrub
Target note
Tall ruderal
Coniferous tree
Broadleaved tree
Dense scrub
River
Japanese knotweed
SI
Semi-improved grassland
Shed
Coniferous hedge

Appendix B – Target Notes and Photographs

Target note 1
Poor semi-improved grassland. Slightly more species-rich in centre of site. Ground is very stony with rubble.

Target note 2
Tall ruderal vegetation. Vegetation here is fairly sparse in west of site but tall and dense in the centre of the site.

Target note 3
Tall ruderal vegetation. Vegetation here is tall and dense and dominated by field horsetail, willowherb sp., broadleaved dock and ragwort.

Target note 4
Japanese knotweed.
