CONTEXT:

This is an existing Hot Food Takeaway. A new shop front and new advertising was erected in 2009

USE:

Asian Hot Food Takeaway.

SCALE:

There is no increase in floor area.

LAYOUT:

We have enclosed two photos, One shows the whole front of the building with the advertising and surrounds in place. This work was instigated because the existing timber details were rotten and falling down. A picture of the side pillars from a shop further down, details what has been removed.

APPEARANCE:

The signs and the new surrounds are in Black dibond, with the letters in white, through which some low level lighting highlights the shops name etc.
