Design and Access Statement: Proposed replacement shop front and fascia sign at 119 High St. West, Glossop.

The applicant intends replacing the shop front with a more traditional design in accordance and in agreement with the requirements of High Peak Planning Dept. the idea being to return it to it,s original state as he intends making an application for a grant towards the cost of the works.
The proposal will incorporate a fascia sign above the window/door with traditional mouldings and stand off individual lettering similar to that on No. 117A, although a different typeface will be used and as shown on the drawings, the fascia will include concealed lighting.
All woodwork will be painted to colours as agreed with High Peak Planning Dept.
