Summary of reasons for granting permission

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal that will not harm the amenity of the property or the wider conservation area, nor will it impact on the amenity of neighbouring occupiers. The proposal is not considered to impact on the safety of highway users.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

During the course of the consideration of the application the Council sought amendments to the proposals to ensure that the proposal did not detract from the amenity of the surrounding area. It is therefore considered that the proposals meet the provisions of paragraphs 186-187 of the NPPF.
