Dear Kelly

Further to your request for bat records around an area at Chapel-en-le-Frith, please find enclosed the results search of our records. Six figure grid references are given where available.

Grid squares searched: SK 0479, 0480, 0481, 0579, 0580, 0581, 0679, 0680, 0681

If the report includes a Roost Code this indicates that some roost details have been supplied.

The absence of records of bats or any species of bat from this search should not be taken as an absence of bats from the search area and a full survey may be needed to establish the status of bats in the area.

Please do not hesitate to contact me if you require any further information.

Yours Faithfully

Malcolm

Malcolm Hopton

Results of record search for bats in an area at Chapel-en-le-Frith, SK059807
