Summary of reasons for granting permission

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal that is acceptable in terms of design, visual amenity, highway safety and residential amenity for adjacent occupiers.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

During the course of the consideration of the application the Council sought amendments to the proposals to ensure that the development was not detrimental to the character of the host dwelling and wider street scene. It is therefore considered that the proposals meet the provisions of paragraphs 186-187 of the NPPF.
