Application no. HPK/2012/0700

Registered on 15/01/2013

Determined on 12/03/2013

High Peak Borough Council hereby **PERMIT** this application for **FULL PLANNING PERMISSION** for

Proposed Extension to the Existing Foodstore Warehouse with Re-orientation of the Car Parking Layout at Aldi Arundel Street Glossop

in accordance with the submitted application, details and accompanying plans listed below subject to the following conditions and reasons:-

Conditions

1. The development to which this permission relates must be begun not later than the expiration of three years from the date of this permission unless some other specific period has been indicated in other conditions given.

2. The materials of external construction shall match those used on the existing building in their colour, form and texture, unless otherwise agreed in writing with the Local Planning Authority.

……
Michael Green
Planning Applications Manager

3. No construction work at the site shall take place outside the following hours:-

1. 0700 hours to 1900 hours Mondays to Fridays.
2. 0800 hours to 1600 hours on Saturdays.
3. At any time on Sundays or Public Holidays except by agreement with the Local Planning Authority.
4. All deliveries shall be limited to within the above hours.

4. Any equipment which needs to be operated outside the hours specified above shall be acoustically screened in accordance with a scheme to be agreed with the Local Planning Authority.

5. No piling shall take place outside the hours 0900 hours to 1600 hours Mondays to Fridays.

6. Unless otherwise agreed by the Local Planning Authority, development other than that required to be carried out as part of an approved scheme of remediation must not commence until conditions 1 to 4 have been complied with. If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until condition 4 has been complied with in relation to that contamination.

i) Site Characterisation
An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:
(i) a survey of the extent, scale and nature of contamination;
(ii) an assessment of the potential risks to:
- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,
- archeological sites and ancient monuments;
(iii) an appraisal of remedial options, and proposal of the preferred option(s).
This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

ii) Submission of Remediation Scheme
A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and

……
Michael Green
Planning Applications Manager

the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

iii) Implementation of Approved Remediation Scheme
The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.
Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

iv) Reporting of Unexpected Contamination
In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition i, and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition ii, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition iii.

Reasons

1. The time limit condition is imposed in order to comply with the requirements of sections 91, 92, 93 and 56 of the Town and Country Planning Act 1990 and section 51 of the Planning and Compulsory Purchase Act 2004.

2. In the interests of visual amenity, in accordance with Policy GD4 (and Policies BC5 and BC8 in respect of developments in conservation areas/listed buildings) of the High Peak Saved Local Plan Policies 2008.

3. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

4. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

5. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

……
Michael Green
Planning Applications Manager

6. To ensure that the site is developed in a safe manner and ensure a satisfactory standard of development in the interests of the amenity of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

Summary of reasons for granting permission

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal which will provide for sustainable economic growth without causing harm to the amenities of neighbouring residents, the character of the area nor interests of highway safety.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

POLICIES RELEVANT TO THIS DECISION

High Peak Local Plan Saved Policies

BC1 - External Materials
BC5 - Conservation Areas
GD4 - Character Form and Design
GD5 - Amenity
TC1 - Town Centres
TC2 - Town Centre Environment
TC3 - Large Stores
TR5 - Access, parking and design

National Planning Policy Framework

During the course of the consideration of the application the Council sought amendments to the proposals to ensure that the development protects the visual characteristics of the area. It is therefore considered that the proposals meet the provisions of paragraphs 186-187 of the NPPF.

Please Note: This decision notice does not convey any approval or consent which may be required under any enactment, bye-law, order or regulation other than Section 57 of the Town and Country Planning Act 1990.

Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section on 0845 129 7777.

Any other statutory consent necessary must be obtained from the appropriate authority.

Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority, Derbyshire, County Council at County Hall, Matlock, Derbyshire, tel. 01629 580000.

This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : www.highpeak.gov.uk for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
(b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

The permission is granted in strict accordance with the approved plans. It should be noted however that:
(a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
(b) Variation to the approved plans will require the submission of a new planning application.

the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

iii) Implementation of Approved Remediation Scheme
The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.
Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

iv) Reporting of Unexpected Contamination
In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition i, and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition ii, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition iii.

Reasons

1. The time limit condition is imposed in order to comply with the requirements of sections 91, 92, 93 and 56 of the Town and Country Planning Act 1990 and section 51 of the Planning and Compulsory Purchase Act 2004.

2. In the interests of visual amenity, in accordance with Policy GD4 (and Policies BC5 and BC8 in respect of developments in conservation areas/listed buildings) of the High Peak Saved Local Plan Policies 2008.

3. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

4. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

5. In order to protect the amenities of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

……
Michael Green
Planning Applications Manager

6. To ensure that the site is developed in a safe manner and ensure a satisfactory standard of development in the interests of the amenity of the area, in accordance with Policy GD5 of the High Peak Saved Local Plan Policies 2008.

Summary of reasons for granting permission

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal which will provide for sustainable economic growth without causing harm to the amenities of neighbouring residents, the character of the area nor interests of highway safety.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

POLICIES RELEVANT TO THIS DECISION

High Peak Local Plan Saved Policies

BC1 - External Materials
BC5 - Conservation Areas
GD4 - Character Form and Design
GD5 - Amenity
TC1 - Town Centres
TC2 - Town Centre Environment
TC3 - Large Stores
TR5 - Access, parking and design

National Planning Policy Framework

During the course of the consideration of the application the Council sought amendments to the proposals to ensure that the development protects the visual characteristics of the area. It is therefore considered that the proposals meet the provisions of paragraphs 186-187 of the NPPF.

Please Note: This decision notice does not convey any approval or consent which may be required under any enactment, bye-law, order or regulation other than Section 57 of the Town and Country Planning Act 1990.

Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section on 0845 129 7777.

Any other statutory consent necessary must be obtained from the appropriate authority.

Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority, Derbyshire, County Council at County Hall, Matlock, Derbyshire, tel. 01629 580000.

This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : www.highpeak.gov.uk for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
(b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

The permission is granted in strict accordance with the approved plans. It should be noted however that:
(a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
(b) Variation to the approved plans will require the submission of a new planning application.
