TO WHOM IT MAY CONCERN

I have lived at the above address with my family since 1993. I can confirm that the property next door to me namely 142 Riversvale has used the area behind the property as their garden the entire time that I have lived at this address. Their boundary extends beyond the back of my property to level with the garden boundary of Riversvale Lodge.

I can confirm that I am willing to confirm this information in a Statutory Declaration if asked to do so.

To whom it may concern

Ref. Land to rear of Donna Nook, Riversvale, Burbage, Buxton, Derbyshire. SK17 6UZ

I write in support of Mr. & Mrs. Michael East's wish to continue to occupy the portion of land to the rear of their property in Riversvale.

During the late 1940s and up until at least 1958, I visited our relatives at this address (Mrs. East's grandparents). I well remember that the portion of land in question was accessed and used by them from the rear of this property.

Washing was hung out there and I recall a vegetable garden. This portion of land was enclosed by trees at the northern boundary.

I hope that this will support them over this matter.

Yours faithfully
