TOWN AND COUNTRY PLANNING ACT 1990
PLANNING AND COMPENSATION ACT 1991
TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND) ORDER 2010

FULL PLANNING APPLICATION

PERMISSION

Applicant Mr P & Mrs S Stones
Folds Barn
Fernilee
Whaley Bridge
SK23 7HD

Agent Kingfisher Consulting
Barley Castle Yard Market Street
Hayfield
SK22 2EP

Application no. HPK/2013/0219

Registered on 22/04/2013

Determined on 13/06/2013

High Peak Borough Council hereby **PERMIT** this application for **FULL PLANNING PERMISSION** for

Proposed Two Storey Domestic Extension at Folds Barn Folds Lane Fernilee

in accordance with the submitted application, details and accompanying plans listed below subject to the following conditions and reasons:-

Conditions

1. The development to which this permission relates must be begun not later than the expiration of three years from the date of this permission unless some other specific period has been indicated in other conditions given.

2. The materials of external construction shall match those used on the existing building in their colour, form and texture, unless otherwise agreed in writing with the Local Planning Authority.

3. No trees, shrubs or hedges within the site which are shown as being retained on the

……
Michael Green
Planning Applications Manager

approved plans shall be felled, uprooted, wilfully damaged or destroyed, cut back in any way or removed without the prior written consent of the Local Planning Authority. Any trees, shrubs or hedges removed without such consent, or which die or become severely damaged or seriously diseased with five years from the completion of the development hereby permitted shall be replaced with trees, shrubs or hedge plants of similar size and species unless the Local Planning Authority gives written consent to any variation.

4. The development hereby approved shall not be carried out otherwise than in complete accordance with the revised plans and specifications shown on drawing no. 2287.04A & 2287.05A received by the local planning authority on 04/06/2013.

Reasons

1. The time limit condition is imposed in order to comply with the requirements of sections 91, 92, 93 and 56 of the Town and Country Planning Act 1990 and section 51 of the Planning and Compulsory Purchase Act 2004.

2. In the interests of visual amenity, in accordance with Policy GD4 (and Policies BC5 and BC8 in respect of developments in conservation areas/listed buildings) of the High Peak Saved Local Plan Policies 2008.

3. To ensure the continued well-being of the trees in the interests of the amenity and environmental quality of the locality, in accordance with Policy GD5 and OC10 of the High Peak Saved Local Plan Policies 2008.

4. For the avoidance of doubt.

Summary of reasons for granting permission

The Council has negotiated a sustainable form of development which complies with the provisions of paragraphs 186-187 of the NPPF.

The decision to grant planning permission has been taken because the Council considers that the application has put forward a proposal where the design is acceptable and it does not impact on the character or appearance of the host building, visual amenity of the wider area or raises any tree or highway safety concerns.

The decision to grant planning permission has also been taken having regard to all other relevant material planning considerations and to the following relevant policies and proposals in the Development Plan.

……

Michael Green
Planning Applications Manager

POLICIES RELEVANT TO THIS DECISION

High Peak Local Plan Saved Policies

BC1 - External Materials
BC8 – Settings of Listed Buildings
GD4 - Character Form and Design
GD5 - Amenity
H14 - Domestic Extensions and ancillary buildings
OC1 - Countryside Development
OC3 - Special Landscape Area Development
TR5 - Access, parking and design

National Planning Policy Framework

Notes to Applicant

(1) Informative Note for all Householder Developments in Coal Mining Development Referral Areas.

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com

(2) The development is situated within 250 metres of a historic landfill site. Because of the potential risk to human health, before development the applicant should ascertain whether gas protection measures are required. If necessary, a gas impermeable membrane should be incorporated within the structure along with a ventilated sub floor area. Any services entering/leaving the structure should be located above the gas impermeable membrane or

.....
Michael Green
Planning Applications Manager

alternatively, adequate seals will need to be provided if the membrane is to be breached. The details of the gas impermeable membrane and with particular attention to the joins with any existing structure and seals around any services, plus details of the sub-floor ventilation should be submitted to Approved Building Control for approval prior to the works being carried out.

(3) Breeding birds and their nests are protected under the Wildlife and Countryside Act 1981 (as amended), as are all bat species. It is an offence to disturb, injure or kill these species. If bats are found during the course of the development, works must stop immediately and a local representative of Natural England should be contacted.

Plans

The plans to which this Notice refers are listed below:

2287.01A
2287.02
2287.04A
2287.05A

Please Note: This decision notice does not convey any approval or consent which may be required under any enactment, bye-law, order or regulation other than Section 57 of the Town and Country Planning Act 1990.

Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section on 0845 129 7777.

Any other statutory consent necessary must be obtained from the appropriate authority.

Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority, Derbyshire, County Council at County Hall, Matlock, Derbyshire, tel. 01629 580000.

This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : www.highpeak.gov.uk for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:

(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.

(b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

……

Michael Green
Planning Applications Manager

Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

The permission is granted in strict accordance with the approved plans. It should be noted however that:
(a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
(b) Variation to the approved plans will require the submission of a new planning application.
