Dear Jonathan,

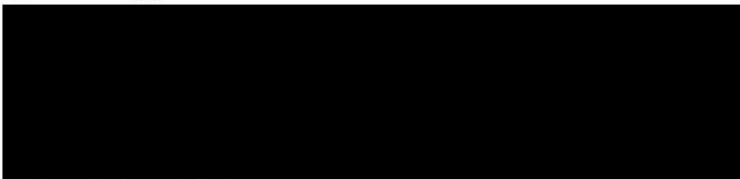

FEDERAL-MOGUL – CHAPEL-EN-LE-FRITH PLANNING APPLICATION

Following discussions with our contractors Middleton surfacing Ltd, I can confirm that, due to the small scale of the development proposals, there is no need to provide an area within the site for the storage of plant and material/site accommodation/loading and unloading of goods vehicles or parking and manoeuvring of site operatives and visitor vehicles.

Unloading and parking of vehicles will take place within the Federal-Mogul site and will be managed by the contractor in liaison with the Plant staff and security guards.

Kind Regards

Yours sincerely,

Ruairi McCafferty, ()
Manager of Real Estate (Europe, M. East & Africa)
