Risk Evaluation

Hazard	Risk	Initial Rating (L, M, H,)	Existing Control Measures	Final Rating (L, M, H,)	Additional Action Required (action by whom and completion date)
Ensure Safety of the Car Park when it's dark outside	• Trips and falls • Robbery • Damage to property • Physical harm to persons	H	No existing measures	L	On 2 May 2013, a daylight sensored lamp was installed. It has 2 250watts HQI lamps. When its dark outside the lamp comes on and increases visibility in the car park hence making it safer.
