High Peak B.C.

Planning.

Town Hall.

Buxton.

17. 7.05.

Design and Access Statement: Proposed Conversion
of garage into home office at Bella Vista, Hague St.
Glossop. SK13 7PJ.

The garage is at the top of a long driveway to
this dwelling, the driveway will accommodate 3
cars and the garage is not used for car parking
and has not been used as such for some years.
The work will entail raising the roof slightly
but will retain the garage door so as not to
appear changed.

An application has been made to High Peak B.C.
for an appraisal on the proposals and the feedback
was generally positive, as the proposals will have
no detrimental impact on the Green Belt.
The access to the office will be via a new
personnel door on the side, direct from the
garden.

Yours.
