Subject: Solar panels, Buxton Methodist church

Dear Ms Plant,

I am writing in support of Buxton Methodist church's application to install solar panels on it's roof. The government has, in the recent past, been very keen that renewable sources of energy be installed, and our carbon footprint lowered.
 I believe it is essential we act responsibly on this issue.

As a weekly, (sometimes several times a week), user of the meeting halls at the Methodist church, I am keen that hiring costs be kept low.
 I do not believe that the panels, on the south roof of the building, invisible from the market place, will detract from the heritage area.

I urge you to allow their installation.

Yours sincerely,

Marion Overton
