I have today been made aware of a proposed planning development of 3 detached houses adjacent to Shallcross Mill House Elnor Lane Whaley Bridge High Peak. As the owner of 9A The Coppice I shall be directly overlooked by Houses 2 & 3.

Disappointingly no one from HPBC has thought to inform me of the proposal, or the time limits for any objections to the same.

Interestingly in the 1990s this land was the subject of two Public Enquiries which barred the development of one house on the site proposed. I am sure you will have these on file.

I would welcome an appointment to discuss the proposal with your goodselves.

Kind Regards
Richard Heys
