OBJECTION to reference no HPK/2016/0036

Proposed demolition of existing garages and erection of two semi-detached houses

Garage Site Rear of Shrewsbury Street
Glossop
Derbyshire
SK13 7AN

Dear Mr Ollerenshaw

We live at number 21 Shrewsbury Street and believe that we will be directly affected by the proposed development on the above named site, therefore are writing to ask that HPBC refuse this planning application from Mr Stephen Bickell

Herein are our comments and objections relating to this planning application:

Having studied the plans available to view on the HPBC website we are of the opinion that we will suffer a loss of privacy as the side elevation of the proposed property has 3 windows that will directly overlook our garden and rear bedroom window. Since buying the property in 1978 we have never been overlooked in such an oppressive manner.

The building will be visually overbearing and only a few meters from our kitchen window, as such reducing the amount of natural light that can be received into our Kitchen. Our kitchen is in fact a single story extension and does not appear to be reflected on the plans that have been submitted and feel that this point should be taken into consideration.

Shrewsbury Street is already a busy and congested road; this additional concentration of traffic and potential roadside parking will cause traffic problems to a route already used as a rat run by many. This has the potential to cause a safety hazard for other motorists.

We invite you to visit our home to verify that these objections are valid.

Should you require any additional information, clarification of any comments made, or would like to arrange a visit to our home; do not hesitate to contact us on 01457 510027.

Yours Sincerely,

Mr G Livesey
