17th April 2016

Dear Sir/Madam

With regards to the planning application HPK/2016/0186 .

Having spoken to the planning officer I now know the proposed height of the single story extension -3.9m , I would like to add a further strong objection on the proposed height of the single story extension as this would extensively cut out light on our property during the morning.

Yours Faithfully

Mr R Lund & Mrs T Lund
