Lynn,

Please can you acknowledge this objection and put onto the r drive?

Thanks,

Jane

Subject: Objection of C9 site development.

Dear Jane,

I've been thinking about how to word my complete objection towards the development of the site C9. I could go through a tiresome list of things such as; the effect it would have on the landscape, the fact that our schools are full and cannot support more children, the chance of flooding houses close to the site, the traffic through our town, the effect on the wildlife, and many more reasons that I'm sure you have read repeatedly throughout the emails you have no doubt received off the residents of Whaley Bridge and surrounding areas.

However, I want to touch upon a more personal approach. I have attached some photographs that I have taken in the last decade of my children, friends, and family enjoying the stunning reason why we moved here in the first place. My daughters childhood is full of memories that take place in the beautiful place we call home. Also attached are pictures of deer that we see every year only a field away from our house, this is usually a sight associated with a day out in Lyme Park, which is a National Trust area. People come from all over to enjoy the views and to walk in the countryside.

Gladman Developments are wanting to build on this green site which is full of life. Building on a green site, you can never get it back. Once it's gone it's gone forever.

I believe I speak on the behalf of the vast majority of Whaley Bridge when I say that the site C9 is a community place that will be sorely missed if it is destroyed. I hope you think long and hard about the decision that is at hand.

Yours sincerely,

Janeth Higham
