Hello Gill,

Ok that sounds reasonable.

Oh Yes, Ive changed the glazing bar detail - if this isn't quite right perhaps we can condition the detail?

Thanks

Hi Simon,

Thanks for this. Can we just agree to a wide single doorway to the kitchen as I anticipate that there will never be any doors on it as they will get in the way? Were you going to reduce the number of glazing bars on the conservatory because if you have such small glazing then you will end up with single glazing?

Thanks

Hello John/Gill,

Thanks for turning around the comments so quickly it is really appreciated.

We have amended the plans to reflect Gills comments entirely with the exception of the request for a standard size door to 'Reception room 3 (new kitchen)'. The proposed door way is larger than standard but we have left nibs on each side as a reminder of the original room (note this technique was used in Bedroom 1 wall removal). Can you please consider this minor change to that suggested by Gill?

As mentioned I am away from next Tuesday.

Thanks once again.
