Dear Faye

I am responding on behalf of the National Park Authority to your consultation on this application. Please accept my apologies for the delay in responding but I understand that the application has not yet been determined.

The National Park Authority has no objection in principle to this application as it is unlikely to have an impact on the National Park or its setting, given its location between the railway line and Buxton Road. I note that the application is in outline, but that the scale of development is around 38 units.

Regards

John Scott
