Mr S Tugby  
Unboxt Developments Ltd

Application no: HPK/2017/0134

Determined on: 01/09/2017

**Town and Country Planning Act 1990**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

**FULL PERMISSION FOR DEVELOPMENT**

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990 (as amended).

**Location of Development:**

54 Leek Road, Buxton, Derbyshire SK17 6UF

**Description of Development:**

Proposed demolition of existing barn, creation of 2 detached family houses with 6 car parking spaces, alterations to the existing access and associated external works

In pursuance of their power under the above mentioned Act, High Peak Borough Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason:- To comply with Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following amended plans received on 27 July 2017: Dwg Nos. LYR.017\_PLTA\_M300, LYR.017\_PLTA\_M301 Rev B, LYR.017\_PLTA\_M302 Rev B, LYR.017\_PLTA\_M303 Rev B, LYR.017\_PLTA\_M305 Rev B, LYR.017\_PLTA\_M306 Rev A, PL-001 and PL-002.

Reason:- For the avoidance of doubt and in the interests of proper planning, in accordance with the National Planning Policy Framework.

**High Peak Borough Council**

*working for our community*

3. No development shall commence until samples of the materials to be used in the construction of external walls and roofs of the building and hard surfaces have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in complete accordance with the approved materials.

Reason:- To ensure that the external appearance of the development is appropriate to its surroundings in accordance with Policy EQ6 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

4. No development shall commence on site until a scheme of hard and soft landscaping has been submitted to and approved in writing by the Local Planning Authority, the details of which shall include:

- (a) indications of all existing trees and hedgerows on the land;
- (b) details of any to be retained, together with measures for their protection in the course of development;
- (c) all species, planting sizes and planting densities, spread of all trees and hedgerows within or overhanging the site, in relation to the proposed buildings, roads, and other works;
- (d) finished levels and contours;
- (e) means of enclosure;
- (f) car park layouts;
- (g) other vehicle and pedestrian access and circulation areas;
- (h) hard surfacing materials;
- (i) minor artefacts and structures (e.g. furniture, play equipment, refuse and other storage units, signs, lighting etc);
- (j) proposed and existing functional services above and below ground (e.g. drainage, power, communications, cables, pipelines etc indicating lines, manholes, supports etc);
- (k) retained historic landscape features and proposed restoration, where relevant.

Reason:- To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features, in the interests of visual amenity, in accordance with Policies S1 and EQ6 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

5. All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the Local Planning Authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

**High Peak Borough Council**

*working for our community*

Reason:- To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features, in the interests of visual amenity, in accordance with Policies S1 and EQ6 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

6. No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment shall be completed before the building(s) are occupied or in accordance with a timetable agreed in writing with the Local Planning Authority. Development shall be carried out in accordance with the approved details.

Reason:- In the interest of visual amenity, in the interests of visual amenity, in accordance with Policies S1 and EQ6 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

7. Prior to the commencement of development details of ecological enhancement measures that shall include details of bird and bat boxes (positions/specification/numbers) and details of new native planting (species/location) shall be submitted to and approved in writing by the Local Planning Authority. Such approved measures shall be implemented in full, prior to the occupation of the development hereby approved and maintained thereafter.

Reason:- In order to contribute positively to the overall biodiversity of the area in accordance with Policy EQ4 of the High Peak Local Plan and the National Planning Policy Framework.

8. Prior to any demolition works taking place, a further endoscope survey of the barn for the presence of bats, and a report and any recommended mitigation measures shall be submitted to and approved in writing by the Local Planning Authority. Any recommended mitigation measures shall be carried out strictly in accordance with the approved report.

Reason - In the interests of protecting protected species in accordance with Policy EQ5 of the High Peak Local Plan.

9. No development shall take place including any works of demolition until a construction method statement has been submitted to and been approved in writing by the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:

- parking of vehicles of site operatives and visitors
- routes for construction traffic

## High Peak Borough Council

*working for our community*

- hours of operation
- method of prevention of debris being carried onto highway
- pedestrian and cyclist protection
- proposed temporary traffic restrictions
- arrangements for turning vehicles
- space for site compound, plant and materials.

Reason - In the interests of road safety in accordance with Policy CF6 of the High Peak Local Plan.

10. Prior to commencement of development, excluding Condition 9 above, the revised access shall be provided in accordance with Dwg No. LYR.017\_PLTA\_M305 Rev B.

Reason - In the interests of road safety in accordance with Policy CF6 of the High Peak Local Plan.

11. Prior to occupation of the development hereby approved, the parking and turning areas shall be provided and maintained thereafter free from impediment to designated use.

Reason – To ensure that adequate provision is made for loading and unloading within the site. In the interests of highway safety, in accordance with Policy CF6 of the High Peak Local Plan.

12. Prior to the occupation of the development hereby approved adequate bin storage and a bin dwell area for use on refuse collection days shall be provided as per the application drawings clear of the public highway, within the site curtilage clear of all access and parking and turning provision and retained thereafter free from impediment to designated use.

Reason - In the interests of highway safety in accordance with Policy CF6 of the High Peak Local Plan.

13. (a) Unless agreed in writing by the Local Planning Authority no development shall commence until an assessment of the risks posed by any contamination, carried out in accordance with British Standard BS 10175: Investigation of potentially contaminated sites - Code of Practice and the Environment Agency's Model Procedures for the Management of Land Contamination (CLR 11) (or equivalent British Standard and Model Procedures if replaced), shall have been submitted to and approved in writing by the local planning authority.

(b) If any contamination is found, a report specifying the measures to be taken to remediate the site to render it suitable for the approved development shall be submitted to and approved in writing by the local planning authority. The site shall be remediated in accordance with the approved measures and a verification report shall be submitted to and

**High Peak Borough Council**

*working for our community*

approved in writing by the local planning authority.

(c) If during the course of development, any contamination is found which has not been previously identified, work shall be suspended and additional measures for its remediation shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures and a verification report for all the remediation works shall be submitted to and approved in writing by the local planning authority before work recommences.

Reason - To ensure that the development can be carried out safely without unacceptable risks in accordance with Policies EQ6 and EQ10 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

14. No top soil is to be imported to the site until it has been tested for contamination and assessed for its suitability for the proposed development, a suitable methodology for testing this material should be submitted to and agreed by the Local Planning Authority prior to the soils being imported onto site. The methodology should include the sampling frequency, testing schedules, criteria against which the analytical results will be assessed (as determined by the risk assessment) and source material information. The analysis shall then be carried out and validatory evidence submitted to and approved in writing to by the Local Planning Authority.

Reason:- To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks in accordance with Policies EQ6 and EQ10 of the High Peak Local Plan 2016 and the National Planning Policy Framework.

15. No construction/demolition work at the site shall take place outside the following hours:-

- (i) 07:00 hours to 19:00 hours Mondays to Fridays.
- (ii) 08:00 hours to 13:00 hours on Saturdays.
- (iii) At any time on Sundays or Public Holidays except by agreement with the Local Planning Authority.
- (iv) All deliveries to the site shall be limited to within the above hours.

No piling shall take place outside the hours 09:00 hours to 16:00 hours Mondays to Fridays.

Any equipment which needs to be operated outside the hours specified above shall be acoustically screened in accordance with a scheme to be agreed with the Local Planning Authority.

**High Peak Borough Council**

*working for our community*

There shall be no visible dust emissions beyond the site boundary associated with construction/demolition works undertaken at the site.

Reason - To ensure that the residential amenities that occupiers can reasonably expect to enjoy are adequately protected in accordance with Policy EQ6 of the High Peak Local Plan and paragraph 17 of the National Planning Policy Framework.

16. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or as may subsequently be amended or re-enacted) no extensions, alterations or buildings within the site curtilage normally permitted by Classes A to E of Part 1 Schedule 2 to that Order shall be carried out unless a further planning permission has first been granted on application to the Local Planning Authority.

Reason: To protect the amenities of the area.

### **Summary of reasons for granting planning permission**

The Council has sought (negotiated) a sustainable form of development which complies with the provisions of paragraphs 186-187 of the NPPF.

### **Informatives**

1. Pursuant to Section 184 of the Highways Act 1980 and Section 86(4) of the New Roads and Streetworks Act 1991 prior notification shall be given to the Department of Economy Transport & Communities at County Hall, Matlock regarding access works within the highway. Information, and relevant application forms, regarding the undertaking of access works within highway limits is available via email [highways.hub@derbyshire.gov.uk](mailto:highways.hub@derbyshire.gov.uk) or telephone Call Derbyshire on 01629 533190 or via the County Council's website [http://www.derbyshire.gov.uk/transport\\_roads/roads\\_traffic/development\\_control/vehicular\\_access/default.asp](http://www.derbyshire.gov.uk/transport_roads/roads_traffic/development_control/vehicular_access/default.asp).

2. Construction works, in particular the access improvements, will require Traffic Management and advice regarding procedures should be sought from Dave Bailey, Traffic Management on 01629 538686.

3. Please be aware that the responsibility for safe development and secure occupancy of the site rests with the developer.

- Any approved noise scheme and measurements should pay due regard to British Standard BS8233: 2014 Sound insulation and noise reduction for buildings (Guidance Document), BS4142 Methods for rating and assessing industrial and commercial sound and the Building Regulations 2010 Document E or other appropriate guidance.

**High Peak Borough Council**

*working for our community*

- Advice on controlling flies and light can be found in: Statutory Nuisance from Insects and Artificial Light (DEFRA 2005) available as a free download <http://archive.defra.gov.uk/environment/quality/local/legislation/cnea/documents/statnuisance.pdf>
- A Demolition or refurbishment asbestos survey and risk assessment should be carried out prior to the demolition of the existing buildings. The enforcing authority for this type of work is the Health and Safety Executive (HSE) and it is recommended that you contact them directly to discuss their requirements: <http://www.hse.gov.uk/>
- During any demolition and construction activities (including landscaping) the contractor shall take all reasonable steps to prevent dust formation and prevent any dust formed from leaving the site boundary.
- The control of dust and emissions from construction and demolition Best Practice Guidance, produced by the greater London councils <http://www.london.gov.uk/sites/default/files/BPGcontrolofdustandemissions.pdf>
- Building Research Establishment Guidance Document 'Control of Dust from Construction and Demolition Activities' (BR456)
- If required, contamination risk assessments shall be carried out in accordance with UK policy and with the procedural guidance relating to the contaminated land regime, and should be in accordance with Planning Policy Statement 23 and the CLR Report Series 1-12.
- Submission of reports should also be made to the Environment Agency for comment with regard to their remit to protect ground and surface waters from pollution and their obligations relating to contaminated land.
- The Local Planning Authority will determine the acceptability of reports on the basis of the information made available to it. Please be aware that should a risk of harm from contamination remain post development, where the applicant had prior knowledge of the contamination, the applicant is likely to be liable under Part II (a) of the Environmental Protection Act 1990 and as such become an "appropriate person". In this event the applicant will be lawfully responsible to remove the risk posed by the contamination.
- Equally if during any site works a pathway for any contaminant on site is created and humans, waters, property or ecological systems are exposed to this, the applicant or those acting on behalf of the applicant will be liable under part II (a) of the Environmental Protection Act 1990 if the risks are not adequately addressed during the site redevelopment.
- During investigation and remediation works the applicant and those acting on behalf of the applicant must ensure that site workers, public property and the environment are protected against noise, dust, odour and fumes

## High Peak Borough Council

*working for our community*

- The applicant is advised that should there be a requirement as part of the Remediation Strategy to treat, reuse or remove contaminated material on the site, the Environment Agency must be consulted, as these activities may need to be licensed or permitted. Contaminated materials identified for removal off site must be disposed of in an appropriately licensed landfill site.
- High Peak Borough Council is keen to liaise with all stakeholders involved in this application. As such, we recommend that a proposed scope of works is forwarded to the Environmental Protection Department and agreed in principle prior to site investigation works being undertaken. The Environmental Protection Department is also prepared to review draft copies of reports prior to final submission to the Planning Department in order to ensure that works undertaken are sufficient to discharge the contaminated land conditions.

**On behalf of High Peak Borough Council**

## NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section.
2. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Derbyshire County Council.
3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. **A fee is payable to us for the discharge of condition. Please refer to our web site : [www.highpeak.gov.uk](http://www.highpeak.gov.uk) for details.** If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
  - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
  - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
  - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
  - (b) Variation to the approved plans will require the submission of a new planning application.
6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must

**High Peak Borough Council**

*working for our community*

do so within 12 weeks of the date of this notice. All other types of development have a 6 month deadline for submission of appeals. Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at <https://www.gov.uk/appeal-planning-inspectorate#other-ways-to-apply>. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

8. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
