35

25mm aluminium angle

2mm folded aluminium panel, powder coated black with digitally printed vinyl graphics wrapped around face and returns.

Wall/Cladding

Upside down 'Z bracket' to be fixed to wall and corresponding bracket to be welded to inside of sign tray. Sign to be hooked onto Z bracket and subsequently fixed onto fitting angle at the top of the sign.

#### WALL MOUNTED TOTEM:

Folded sign tray, 600 x 2000mm h with 35mm returns.  
2mm folded aluminium panel, powder coated matt black.

Digitally printed vinyl graphics to be applied to face and returns of all white and orange panels. All black elements will be visible powder coated black trays.

Any white text on black panels to be plot cut vinyl graphics applied to face.

Client to advise of services offered and text required on totem.

Fix: Fitting angle to top and upside down 'Z bracket' to bottom.

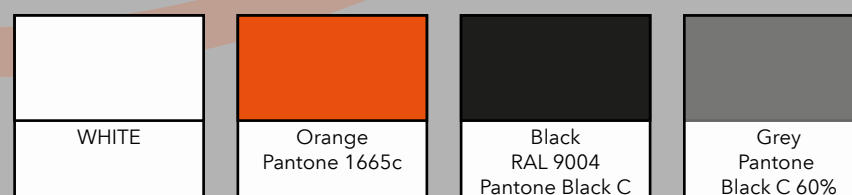

Vinyl screw covers may be required

Optimum fitting height TBC.

Sign can only be installed only where there are no obstructions above sign.

Sign B  
600 X 2000mm  
Wall mounted tray panel  
with applied vinyls  
HAGL - 300mm
