Dear Sirs

**Buxton : Friends of Buxton Station Listed Building Consent Application
Letter of Support**

This letter confirms that DB cargo have been approached by the Friends of Buxton Station in respect to their proposed minor works to encourage biodiversity and to create further environmental improvements to the area around DB Cargos property, particularly the area known as "The Fanlight" adjacent to Buxton Railway Station.

I would confirm that DB Cargo understand and fully support the application made by the Friends of Buxton Station.

DB Cargo have worked closely with The Friends in recent years and are delighted at the improvements they have been able to make both on our property and on the adjoining passenger station. The high quality of work and dedication of these volunteers have enabled them to attract both external support and funding, but also awards reflecting their achievements.

We believe the works will have no negative impact on the listed structure and will assist in maintaining the amenity of the fanlight and surrounding area. Should you have any query over DB Cargos interest in the application area or adjoining land do please contact me directly.

Yours faithfully,

On behalf of DB Cargo (UK) Ltd

Peter Green
