Submission: Objection

Comments: As a long term resident of Whaley Bridge I wholeheartedly object to the proposed plan of building 107 houses on the field off Linglong Lane. The field is completely unsuitable for such a proposed housing development & would destroy valuable green space & trees. Additionally, the proposed access to this new housing state is a complete farce, adding to the already dangerous road conditions on Macclesfield Road. Macclesfield Road is already crumbling under the strain of traffic & to add another ~250 cars will make it very dangerous especially pedestrians trying to cross the road. There are no provisions in the proposed plan for the additional cars & additional infrastructure (ie. schools, doctors, jobs,...) required to sustain such a development, let alone our precious countryside. I am completely against this development.
