

DESIGN INTENT ONLY

notes for construction:

An architectural elevation drawing of a three-story building. The building features a mansard roof with two chimneys on the roofline. The second floor has two dormer windows with gabled roofs. The first floor has two large bay windows with decorative pediments and a central window. The building is situated on a sloping site, with a low wall and a fence in the foreground. The drawing is a black and white line art.
