Submission: Objection

Comments: I am objecting to this proposed planning on the grounds that five terraced houses is too much and because they have all got Juliette balconies it will encourage them to all be looking out onto my garden which as you can see is the only view they have also the height is going to take my light /sunlight and the fact that it is creating another entrance onto High Hill Road plus another entrance a couple of yards away to the proposed building plans behind my house which i have also objected to is going to make it dangerous for traffic on High Hill rd
