Email:

Submission: Objection

Comments: I object to this application for the following reasons:

Conservation Area

-has an detrimental impact on character and appearance of the Conservation Area

-use of materials inappropriate for Conservation Area

-completed works have poor visual appearance

Highways

-the construction of a parking place half on and half of the road will cause access problems for larger vehicles, ambulances, bin wagons etc

-road safety will compromised by parked vehicles sticking out in the road close to the blind bend

-bin storage area means bins are close to road and will cause obstruction of the highway-this happened last Wednesday when a brown bin was blown over and ended up in the middle of the road

Other

this application should be refused and should be reinstated to what was there before.
