Submission: Objection

Comments: I do not support this application due to the invasion of privacy it causes to both our property and my neighbours property , the application makes no reference to the fact that this construction allows users to see into bedrooms and bathroom of my neighbours property <number 34 > and also we have no privacy from this construction over our house <number 36 >. As planning permission was not applied for before building commenced and then got refused at a later date I feel that this construction should be removed to avoid privacy issues , yours faithfully , John Firth .
