Submission: Objection

Comments: The installation of high flag poles is yet another unnecessary intrusion to the local landscape. The whole of the top field opposite Linglongs Avenue is NOT part of the build site, but has become a complete eyesore for everyone living in the area, & will remain so probably for years to come as it is obvious that the building programme is well behind schedule (largely due to the fact that HPBC & Barratts totally ignored all the valid objections to the site being appropriate for a large housing estate). Local residents are now suffering the consequences of this wonton disregard. Tall flag poles would not only be a further cause of distress for us, but they would be visible for miles around & clearly so from the National Park. This is not acceptable in any way & should be rejected. It is also important to mention here that many of the properties supposedly 'consulted' with regard to this application do not exist, but are those which are yet to be built. Consequently, a proportionately small objection percentage response is a nonsense. I object strongly to this planning proposal.
