High Hill Road

New Mills

This application should be denied.

1. Very dangerous to pull out near shops onto High Hill Rd, the road is very busy with trucks coming from all over and the sheer volume of traffic as a whole.. The area is a school walking route and would be detrimental to the safety of children and others.

The roads drainage and foul systems are not updated and cannot take further volumes of water and foul

There has been flooding problems at properties on High Hill Rd as drains are so overwhelmed with debris foul and water.

Also Local Government Services have been cut so this would impact the area if further housing on this road is approved.

The Road is used like a race track and cut through to the Industrial estates making this residential road more dangerous to the occupants.

Thank you

Your sincerely

C A Whitehead
