Comments: Site plan 9405-WML-00-XX-DR-C 1004 P07 Indicates that tree T16 is to be retained.

The arboriculture statement on the proposed development indicates that tree T16 is to be removed to facilitate the development

Could the developer and High Peak Borough Council's arboriculturist clarify?

Tree T15 whose branches spread into the adjoining T16 tree currently has an active Carrion Crow's nest and as such is protected by The Wildlife and Countryside Act.

The developer should take this into account before starting any tree removal or pruning works
