Submission: Objection

Comments: 30 Williamson Road

Whaley Bridge

As someone who has regularly used this path in the past i find it totally unacceptable that I have been denied access for such a long time. Any diversion would also be not acceptable as the whole point of this path is that it provides valued access to the countryside from a lower point on Elnor Lane. Any contractor should expedite reinstatement of a path like this as a priority wherever possible. The path could be fenced in for public safety with gated access points for the contractor. The contractor knew the path was there when they started.
