Comments: The blocking and requested re-routing of this much-used Public Footpath to Cadster Farm and Combs is totally unacceptable. There are no viable alternative routes, nearby (if there were they could have been trialled during the temporary closure caused by the new property development). It strikes me that this is a case of a property developer attempting to ride roughshod over the local council and community for financial gain as the properties they have built will be more valuable if they don't have the footpath through the middle of them!
