Submission: Objection

Comments: I object to the diversion proposed. It would be that it would be diverted up Elnor lane which is very steep. Whereas the current path is not. I also object to the honesty of the proposer in that they said they would keep the path open and they have actually kept it closed for a year. How can we trust them to be honourable in this proposal. It was obviously their intention to stop access all along which is dishonest and disingenuous .
