WHALEY BRIDGE

High Peak

SK23 7EF

Submission: Objection

Comments: I object to the diverted path which is a significant diversion and means that you can no longer access a low level off road route towards Tunstead Milton and Coombs. This path was well used by locals for recreational use, and also by the wider public.

I also really object to the developer's proposal of closing this long established path and not showing any sign of incorporating the path within the developed works.
