Flat 14 Heathfield Gardens, Buxton

I note from the application that permission was given to replace windows with UPVC in Flat 21 in 2018. Would it be possible for the applicant to provide photos of these windows so that we can see how successful they have been in replicating the historic detail and finish. Assuming that these are the same brand/model and that they look OK then I can't see any reason why we should not allow them here. In fact the proposed windows show a flush-fitting casement rather than the existing storm-proof detail which would be an improvement.

Thanks
