Submission: Objection
Comments: I object to the proposed plans.

The proposed site is populated with various wildlife and is a safe area for the numerous children residing on the street to play. By proceeding with the plans, the local community will be losing this valued green space without a sufficient alternative being offered.

Furthermore the loss of this green space and the construction of the proposed houses, will have a detrimental visual effect for the numerous residents who's properties currently overlook it.

Parking on Longclough Drive is already an issue with both sides of the road being double parked, meaning accessibility is already difficult. This issue will be greatly exacerbated if the proposed plans go ahead.
