Submission: Support

Comments: The Smithy Bowden Hall

Bowden Lane Chapel-En-Le-Frith

I gave fuller details last time but essentially I'm in full/total support of these proposals which need to be carried through without constraints to benefit the whole of this small estate. I wasn't going to add my views but thought necessary when out of the blue we were confronted by the Tree Preservation people yesterday brandishing enforcement notices which can only add further complications, delays, uncertainties and costs to the detriment of the wider mission of Estate completion. That is to give renewed life and preservation to these listed buildings and we should be working together to a common end.
