Dear Sir or Madam

Thank you for your email seeking HSE's observations on application HPA/2021/0250.

HSE is a statutory consultee for certain developments within the consultation distance of major hazard sites and major accident hazard pipelines and has provided planning authorities with access to the HSE Planning Advice Web App - <https://pa.hse.gov.uk/> for them to use to consult HSE and obtain HSE's advice. If you require details of your organisation's web app account, then please contact us.

I would be grateful if you would ensure that the HSE Planning Advice Web App is used to consult HSE on developments including any which meet the following criteria, and which lie within the consultation distance (CD) of a major hazard site or major hazard pipeline:

- residential accommodation;
- more than 250m<sup>2</sup> of retail floor space;
- more than 500m<sup>2</sup> of office floor space;
- more than 500m<sup>2</sup> of floor space to be used for an industrial process;
- transport links;
- or which is otherwise likely to result in a material increase in the number of persons working;
- within or visiting the notified area.

There are additional areas where HSE is a statutory consultee. For full details, please refer to annex 2 of HSE's Land Use Planning Methodology: [www.hse.gov.uk/landuseplanning/methodology.htm](http://www.hse.gov.uk/landuseplanning/methodology.htm).

Regards
