Dear Sir/Madam,

Thank you for contacting the Lead Local Flood Authority regarding planning application DOC/2021/0013 to discharge conditions 7 and 21. Firstly apologies for the very late response, the applicant has submitted information relating to the maintenance regime required for the surface water drainage system but to fully discharge condition 7 information is required detailing who will be responsible providing the maintenance. This may be information readily available but not included with the application documents.

Kind regards

Chris
