Hi Rachael

Please can you confirm the date that you received comments from Urban Design and Landscape? They have now appeared on the Council's website but are not dated. Obviously the first time we were made aware of what they said was in the committee report.

We note that comments from trees (16th) and highways (18th) were sent well before the deadline for the committee report and yet again we were not made aware of them until we received the committee report and so have had no opportunity to respond to any of the points made before you finalised the report.

Many thanks
