Submission: Neither

Comments: We would like to make the following comments regarding the above planning application.

1) The installation of the 2 windows to the west gable end will directly overlook our garden thus causing a loss of privacy.

In addition windows will have a considerable visual impact on the original structure of the barn as there are already 4 windows on that wall. A further 2 windows would create a disproportionate number of windows in this gable end.

2) We feel that the new windows combined to the roof light to the rear will change the external appearance of the building, the integrity of which should be protected by its Listed status.

We recognise that accommodation of their holiday home requires flexibility & as such we have no objection to the internal changes suggested.
