Details of the pre-application advice received

- The extension is rather large and would be considered to be disproportionate to the original dwelling. It would be preferable if the proposed extension was in line existing terrace, so that it does not protrude past the current west elevation of the terrace.
- The hipped form of the roof is out of character for a terraced property. It is felt that a gable roof may be more appropriate.
- There is concern that due to the length of projection beyond the rear elevation, the proposal may adversely affect light and outlook to principal windows in the rear elevations of neighbouring properties. You are advised to submit with the planning application an assessment confirming that the proposal will not breach a 45 degree line drawn from the centre of the nearest principal window in the rear elevations of both 42 and 38 Spire Hollin.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☒ No
